

MODJAW 
DIGITAL ACADEMY

4Dentistry by MODJAW

JOIN THE MOVEMENT NOW
AND BOOK A COURSE IN ONE OF OUR HUBS

4D dentistry is driven by the idea that both static and dynamic parameters should be taken into account to enable complete diagnostics and bespoke restorations.

Modjaw Digital Academy Trainings are designed for Dentists, Orthodontists and Dental Technicians willing to reinvent their practice and shape a new eco-system by integrating Modjaw Tech in Motion in their digital workflow.

4D Dentistry

by **MODJAW**

4D Dentistry is only at its beginning, and so much more remains to be uncovered. For now, MODJAW is pioneering, using its technologies and eco-system to pave the way toward this new era of dentistry.

The learning process has started, and we hope you are as excited as we are to explore the endless possibilities offered by this concept, all for the greater good of the patients.
